Food, Cosmetics & Environmental Testing

 **NOVATICLAB**
Empowering labs of tomorrow

NOVAMove Flex RaaS Offer

Introduction

In the dynamic environment of laboratory operations, where efficiency and precision are crucial, NovaticLab presents a game-changing solution. The NOVAMove Flex, our autonomous mobile robot, is specifically designed to transform complex lab workflows and enhance automation.

Through our Robotics-as-a-Service (RaaS) model, we provide this innovative technology to streamline sample and material flow, minimize manual intervention, and empower your team to concentrate on critical scientific work.

Why NOVAMove Flex?

- Seamless Workflow Integration: NOVAMove Flex **navigates multiple floors and departments autonomously**, boosting throughput and reducing manual labor.
- Enhanced Operational Efficiency: Automates routine sample transport, **freeing up technicians for critical tasks** and alleviating labor shortages.
- Cost-Effective Solution: Our RaaS model provides a **budget-friendly alternative** to manual transport, cutting staffing and operational costs.
- Consistent Reliability and Safety: Delivers reliable, **error-free performance** while adhering to strict safety standards in sensitive environments.
- Improved Staff Engagement: Elevates staff from mundane tasks to higher-value functions, **boosting job satisfaction and retention**.

Transforming Labs with NOVAMove Flex

The NOVAMove Flex is designed to bring unprecedented efficiency and precision to laboratory workflows. By automating complex sample and material handling, this state-of-the-art robot is expected to enhance throughput, minimize manual errors, and allow lab staff to focus on high-value tasks. Leveraging our Robotics-as-a-Service model, NOVAMove Flex offers labs a cost-effective, scalable solution to drive operational excellence and advance scientific outcomes.

Our RaaS Offer:

- Turnkey Lab Automation: Elevate your lab operations with the NOVAMove Flex, available at a competitive monthly rate, **unlocking superior efficiency and convenience effortlessly**.
- Uninterrupted Operational Excellence: Benefit from our **comprehensive service plan**, which includes seamless maintenance, updates, and dedicated support, ensuring a **smooth and consistent automation experience**.
- Custom-Tailored Contracts: Explore the advantages of a 3-year RaaS agreement **specifically designed to meet the unique demands of your laboratory**, delivering a personalized solution right from the start.
- Ever-Evolving Efficiency: Maintain your status as a **forefront innovator** with a service that continually upgrades your NOVAMove Flex, keeping your lab operations at the pinnacle of industry standards.
